Please press this point. Hawley stood up McConnell, Literally, while these senators meekly followed McConnell. Now they want to put on the "principled Conservative" act, and fox is right there to prop em up alongside Nikki Haley.

Failure theater. Michelle malkin has been calling it put for over a decade.

"We lost this time, but if you send us money and vote for us again we will get it next time...."

Repeat and repeat.

Trump, if the worst happens and Biden is selected on 6 january, should announce the republicans are the controlled opposition wing of the uniparty and start the america first party.

To be successful, he needs to have everyone of these senators on board before he makes the announcement. Mcconnel can then join his ccp friends in the democrat party openly

If you read the entire article Cruz is saying he wants to do this to restore confidence in the election. He wants a commission of 5 Senators, 5 Reps and 5 SC justices to review "possible evidence." So a kangaroo court will interview some of the people who committed the fraud then say, nothing happened and its all cool.

I read this as a ploy to stop a revolt. Since the commission would conduct a 10 day audit the coup would be pushed out past the 6th and we would all be back at our homes, keeping the criminals safe.

I am not a doomer and its good news these senators are aware of us and feeling the heat, but a stinking rubber stamp commission shifts the responsibility off their shoulders where it belongs and aint good enough.

Same as china, make all opposition disappear. We need to open our own camp and start putting leftists in there. Do to them EXACTLY what they do to us. Make them BEG for freedom of speech. silence them, destroy everything leftists love. Topple all the statues they admire. Stop them from assembling for protests. cancel them. Get them fired from their jobs. No more hiding for them. It's time to use their own tactics and make them fight for freedom.

COVID-23 could easily be a thing. If not a virus, something else could be user to “justify” suspending law and constitution.

There was a winning football coach that ran the option pretty much exclusively, that was asked, “How many times will you continue to run the same play.”

A: “Until they stop it.”

How are you going to stop Soros and CCP voting machine interference? Cheating tabulators have been around, probably since Bill Clinton days. I think you're dreaming. The rot is so extreme. Watching them cheat is not going to get a true count. It's now or never. Fix it now. No kicking the can down the road.

I agree with the Sentiment but the better path to go is rooting out RINOs within the Republican party. It's never really been tried before and I believe Trump can do it.

This is the better strategy because splitting the GOP in half does nothing to stop RINOs from appearing in the new party as well. The problem is selection criteria.

I am old enough to remember the Tea Party. The way I remember it though is they stood for an idea. The RINOs seemed to take over after a while and scattered it into the wind. The Tea Party was just happy to be embraced by the establishment, in which the establishment quickly betrayed them.

the TEA Party, was eradicated by the GOP, led by McConnell. Rush spoke about it at length at the time. The IRS Scandal was all about crushing all political opposition to the Uni-Party. Thats why the investigations went nowhere. Read also Sundance on the subject.

DJT succeeded where the TEA Party failed, because he did not rely on any donors or groups to organize and fundraise for him. He bankrolled his own campaign, and then leveraged the media lust for eyes, to get his message out.

Some "tea party" candidates were just lip service - just people riding the ideological wave with no real personal commitment. Others that were elected often embraced the republican cronyism when in office. The money and influence was hard to resist.

Nope. End the GOP. It needs to be a meaningful party. Either coopt it from the inside or kill it. No point in voting R if all we get is D in everything but name.

It needs to be rebranded eventually though. Its a toxic brand. The Ds have already made it so the default choice for people from a societal perspective is democrat. That has to end and i think the brand is horribly damaged.

Would be nice if we had a pro-USA military, but we dont. Army leaders already said they won't follow IA orders from the POTUS just like they refused the IA orders in June to deal with BLM and Antifa.

Our military is filled with BLM cocksucking cucks. Who do you think were the cucks kneeling and demanding the renaming of the forts named after CSA generals? That was done by the under-30 years old NCOs, grunts, and junior officers. Generals and Congressmembers over 30 yrs old dont give a fuck about renaming bases.

Unfortunately, there are many I would worry about. Sadly, instruction in military colleges is influenced by liberal teaching similar to regular colleges. It might not be as bad, but it is worse than it used to be. The Constitution needs to be part of basic training. It isn't taught in public schools any longer.

Technically yes... one objection, is the written submission from the Congressman and the Senator.... supposed 2 hr debate per objection...5 min each max... prob will be shortened but could take another day or more depending upon delay tactics by peloosy and mcturtle. My concern is the scheming they are planning... between the "Tellers" and the administrative folks handling the certifications etc. Fuckery is afoot...

I have people telling me they'll eventually put anyone who won't get the covid vaccine in the FEMA, but I say they won't have to. They'll just keep making life more difficult for anyone who doesn't it. Travel restrictions, won't be able to get a job without proof of vaccination, scanners in grocery stores won't let you in without it, etc....Eventually the majority of the population will get it and they'll only be a small percentage of holdouts.

THIS TYPE OF ELECTION IS EXACTLY WHY THE FOUNDERS CREATED CONTINGENCY ELECTIONS.

How about some facts: they're starting up concentration camps with NYC as the test ground. January 6 or Cell 6. It's our choice.

New York has started covid Concentration Camps.

[Link to official government bill in here.](#)

2. UPON DETERMINING A CASE, OR SUSPECTED CASE, ***IN THE OPINION OF THE GOVERNOR, AFTER CONSULTATION WITH THE COMMISSIONER,*** THE GOVERNOR MAY ORDER THE REMOVAL AND/OR DETENTION OF SUCH A PERSON OR OF A ***GROUP OF SUCH PERSONS BY ISSUING A SINGLE ORDER,*** ...IN A MEDICAL FACILITY OR ***OTHER APPRO- PRIATE FACILITY***
5. (B) BE DETAINED IN A MANNER THAT IS CONSISTENT WITH RECOGNIZED ***ISOLATION*** AND INFECTION CONTROL PRINCIPLES

NYC already has a history of doing this.

Typhoid Mary was forced to choose between a deadly surgery and isolation for 20+ years, all supported by the fucking SUPREME! COURT!

The New York City health department physicians gave her an ultimatum: submit to an operation to remove her gall bladder or be imprisoned on the lazaretto. Abdominal surgery of that era was fraught with deadly complications and infections and Mary understandably rejected such a choice. The officials then, literally, sent her up the river to North Brother Island, where, under sections 1169 and 1170 of the Greater New York City Charter, she lived in a tiny brick bungalow until she was released in 1910.

TL;DR: they are giving the governor or anyone he choose the power to lock you or even ***your entire family/church/militia*** up if they even suspect that you might have come into contact with the 'vid. You will ***be locked up in social isolation, (mentally tortured) into compliance*** for as long as they deem "medically necessary."

The bill will be filed on January 6th, the first day of the legislative session in New York State. It hasn't passed and similar legislation introduced in previous sessions never passed.

It could pass, and it is dangerous, but please read your link carefully, it is proposed legislation, not a law or regulation.

This isn't the time for misinformation.

I think they passed this same kind of bill and have these same facilities in Canada. They took a page out of China's playbook. Has anyone seen those videos from earlier this year from China where law enforcement would drag people from their homes kicking and screaming to detain them in a quarantine facility (i.e. prison)? I know they couldn't quarantine at home and had to in a government facility for two weeks when they returned to China from abroad, earlier this year. It will happen everywhere if we allow it.

***CRUCIAL edit: upon further research, you are the dumbest of fucks and are spreading false hope. NYC already has a history of doing this. Typhoid Mary forced to choose between a deadly surgery and isolation for 20+ years, all supported by the fucking SUPREME! COURT!**

The New York City health department physicians gave her an ultimatum: submit to an operation to remove her gall bladder or be imprisoned on the lazaretto. Abdominal surgery of that era was fraught with deadly complications and infections and Mary understandably rejected such a choice. The

First comment:

That's because it's time for energy.

If you really think they aren't going to use the CV as an excuse to actually pass this shit, then you haven't been paying attention. They've already started moving the Overton window in that direction with the tracking apps.

The fact that they even feel comfortable enough to suggest such a thing is reason enough to 1776.

"Buh- buh- but maybe they won't do this evil thing giving them control over our lives that they're totally capable of! They'll play nice. They definitely introduced the plan as a LARP."

That attitude of complacency got us here to begin with. Be in DC on the 6th or be in camps later. They're obviously going to wait for Biden/Harris to be president before they make any of their plans official.

New strain of covid causes COGNITIVE CHANGES

Causes covid positive patients to attack authority figures like cops, politicians, media types, etc

As such, no one who attacks these authority figures is legally liable, as it was clearly not their fault. It was covid's fault. Not guilty by reason of insanity, but it's all good now that the covid has run its course. No charges necessary.

▲ -2 ▼

– [800080](#) -2 points 9 hours ago +3 / -5

Please be more accurate.

New York has NOT started covid Concentration Camps.

There is a bill in the NY Assembly that *proposes* this. In this case it's Assembly Bill A416 Sponsored by Perry for the current session.

It's not law yet. The NY Legislator has passed nothing and Fredo's brother hasn't signed anything yet.

In this case, Perry has put forth this same bill since 2015 and it hasn't passed.

The Chinese Flu could provide additional support, this time, but since the earlier versions of this bill died, it suggests this one will too. As nuts as Andrew Cuomo is, this is the sort of legislation that ends your political life.

For any Bill or Resolution the number, the Committee it's in and the Sponsor(s) are what is needed to track any bill and to ensure the correct people are contacted. The sponsor can withdraw the bill or the Committee Chair, of the current committed it's referred to can hold it there where it dies. Only a small number of bills actually make it to law.

But keep a close eye. If the bill doesn't fail, it may be amended or folded into another bill or implemented as a regulation or executive order.

This applies to all legislative bills and resolutions in all 50 states, the Federal level as well as your local cities and towns.

This disinformation campaign about Pence is nauseating. The man has given not the slightest indication of any disloyalty. It's almost like expecting Eric or Ivanka to sell GEOTUS out.

And even if Pence was an unscrupulous politician who only cares about himself, he's still THE VICE PRESIDENT OF THE UNITED STATES. You think he wants to lose the job? If he has ambitions to higher office - and there's only one higher office - he'll never be in a better position to achieve them.

All these moves make things confusing, the suit, would agree beforehand, the dismissal motion. I try to think about Pences political future if he does or doesn't. If he does (go bold) and fails, I think his political future could be doomed. If he does and Trump is victorious, Pence would have a great shot in 2024. But if Pence does nothing, Trump loses, then in 2024 does Pence have a shot. No, not against Trump anyway and I also think Pence is too conservative to be elected. His views on LGBT issues are controversial. Even if Trump didn't run in 2024, Trump fans will be pissed at Pence.

So, my 2 cents, Pence has a brilliant future if he pulls it out for Trump and tough one if he tries and fails. Curious what his economic wherewithal is now? If he is not ready to retire, Couldn't someone promise to help him out if he fails?

I am probably just twisting this around to convince myself Pence will do something, which like you, my gut says he wont.

If you read the entire article Cruz is saying he wants to do this to restore confidence in the election. He wants a commission of 5 Senators, 5 Reps and 5 SC justices to review "possible evidence." So a kangaroo court will interview some of the people who committed the fraud then say, nothing happened and its all cool.

I read this as a ploy to stop a revolt. Since the commission would conduct a 10 day audit the coup would be pushed out past the 6th and we would all be back at our homes, keeping the criminals safe.

I am not a doomer and its good news these senators are aware of us and feeling the heat, but a stinking rubber stamp commission shifts the responsibility off their shoulders where it belongs and aint good enough.

We lack patience in 2020. I am including myself in this. Partially, it's due to being fed up. Waiting until the 6th is taking a toll on people's mental health. That's how it has to be, though. We just have to shoulder the anxiety a couple more days. We need to develop strategies to cope with the anxiety. The President has never wavered, and that should give us all the confidence we need.

Perdue and Loeffler are noticeably absent. I think more are already planning on objecting. If some new Senators and Representatives announce they're going to object between now and the 6th, it builds more momentum.

– [Scumcunt](#) 14 points 9 hours ago +15 / -1

Perdue is technically not yet assured of being a Senator on the 6th. His term ends with the outgoing senate class. Loeffler is a weird case because it is a special election. So even if she loses, she will be a Senator until Warnock can be seated, which will likely be close to immediately, but there is a scenario where an important vote has to happen on the 6th where Loeffler is a Senator and Purdue isn't.

Everyone seems excited by this, but could someone explain why this isn't utter bullshit? From the article:

"A group of GOP senators led by Sen. Ted Cruz, R-Texas, will object to the Jan. 6 certification of the presidential election results next week unless there is an emergency 10-day audit of the results by an electoral commission."

A TEN DAY FUCKING AUDIT. TAKING US PASS THE JAN 6TH DATE.

All this does is set up a bullshit commission AFTER the certification of Biden, who will inevitably conclude that "fraud occurred, but did not change the outcome".

Meanwhile, our gigantic protest on the 6th will have been defused.

Can someone explain why this isn't a gigantic con job designed to destroy the protest on the 6th?

Sounds like a whitewash commission. Is there any scenario in which current members of Congress will release a report saying that, "yep, there was massive fraud. We better have a re-do."? Nope, what they will do is say, "There were irregularities, but electors were appointed constitutionally, therefore the election was free and fair."

Then the media will report on push-polls that the public is satisfied with the commission's findings.

I like this approach. It's attacking the problem from two sides.

Hawley is straight up opposing certification. It's going for all-or-nothing, which is bold but also intimidates most of the cowards in Congress since it seems unprecedented (even though it isn't, as constitutional scholars and historians

show).

Cruz, on the other hand, offers a very reasonable alternative: agree to a hardcore, expedited investigation that will be done before inauguration, or we join Hawley's position. "Not another investigation" you say... but here's the thing, we never have actually had a true on-the-congressional-record investigation. Everything so far has been sabotaged by the states.

We all know (hell, everyone knows) if there is an audit then Trump won hands down. We've been unable through courts or Democrat-led election officials to get a true audit performed all these months. I suspect that Cruz knows exactly where the bodies are buried and knows exactly which are the most offensive/illegal votes and so that will be what the commission will attack. They only need a few thousand votes thrown out because the margins are so ridiculously thin.

So if you are a GOP senator who is too afraid of Mitch, you can now hide behind Cruz and support his efforts, then run back to tell your base who keeps calling and emailing daily that you are objecting after all.

I have no doubt it will be televised like every other Congressional committee, which means it would be every American doing the audit.

We have had slam dunks when we have been given the opportunity to make presentations before state legislatures. Doing that before Congress will produce the same result. Even with Democrats on the committee, what exactly can they introduce to disprove the evidence?

The problem is that an objection to a state only succeeds if both House and Senate vote to uphold it. That's every member, not "state delegations" as in a contingent election. The House is Dem-controlled so it will NEVER vote to uphold any objection to any of the disputed states. So regardless of what the Senate does, all the objections will fail, and the certified fake electoral votes from those states will count.
